

Work-Energy Lab

Item	Criteria	Points Pos.	Points Earned
Data Table	Does your table include appropriate energy values?	1	
	Are values appropriately labeled?	1	
	Is it clear and easy to read?	1	
Question #1	Did you show how you found the coefficient of kinetic friction?	1	
	Did you describe how you found the coefficient of kinetic friction?	1	
Discussion #2	Did you describe the process of using the W/E theorem?	3	
Discussion #3	Did you describe the process of using the definition of work?	3	
Discussion #4	Did you say how the values should relate?	1	
	Did you report your values within the answer, not as a table?	1	
	Did you describe their meaning?	1	
Participation	did you do the lab?	4	
	Total	18
